Water Requirements: Will tolerate dryness between watering

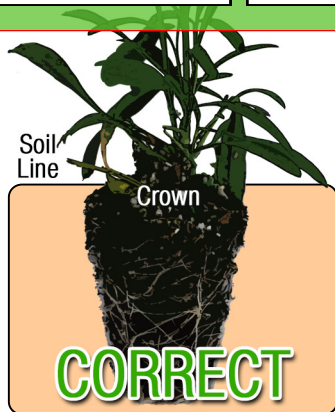

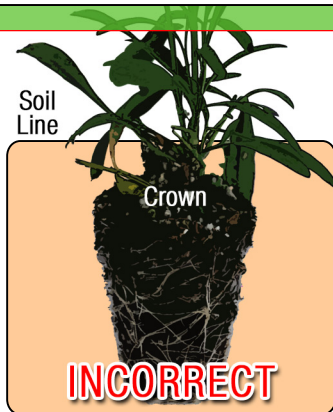

Hardiness Zones: 4 - 9

Possible Problems: Insect: Slugs

Diseases: Plants seldom experience diseases

Habit: Clumping

Day Length for Flowering: Long day

Do NOT bury the crown of the plug

Description

New leaves unfurl a creamy yellow in the spring and hold the light yellow through most of the summer in Oregon. A cool mutation out of B. 'Solar Flare'. 'Lunar Glow' has the traditional bold, evergreen leaves of the Bergenia in addition to lovely dark pink flowers in the spring and burgundy red leaves in winter. Grows well in the South and in the Northwest.
